BRAIN TALENT PROFILE

For: **Sample Report**   Date: **March, 17 2021**

Like a smart phone app, a "Brain App" is a tool for your brain. These "apps" let you perform important processes using cognitive + emotional data to achieve results. These learned capabilities help people be effective at work and in life.

Your Top Brain Talents in Order

Commitment
The App helps your brain maintain attention to what is important.

Proactivity
With this App running, the brain is committed to taking action and achieving without the need for external pressure.

Modeling
This App allows brains to map out theoretical possibilities and identify logical paths.

Problem Solving
Brains running this App have energy to achieve plus the spark to generate new solutions.
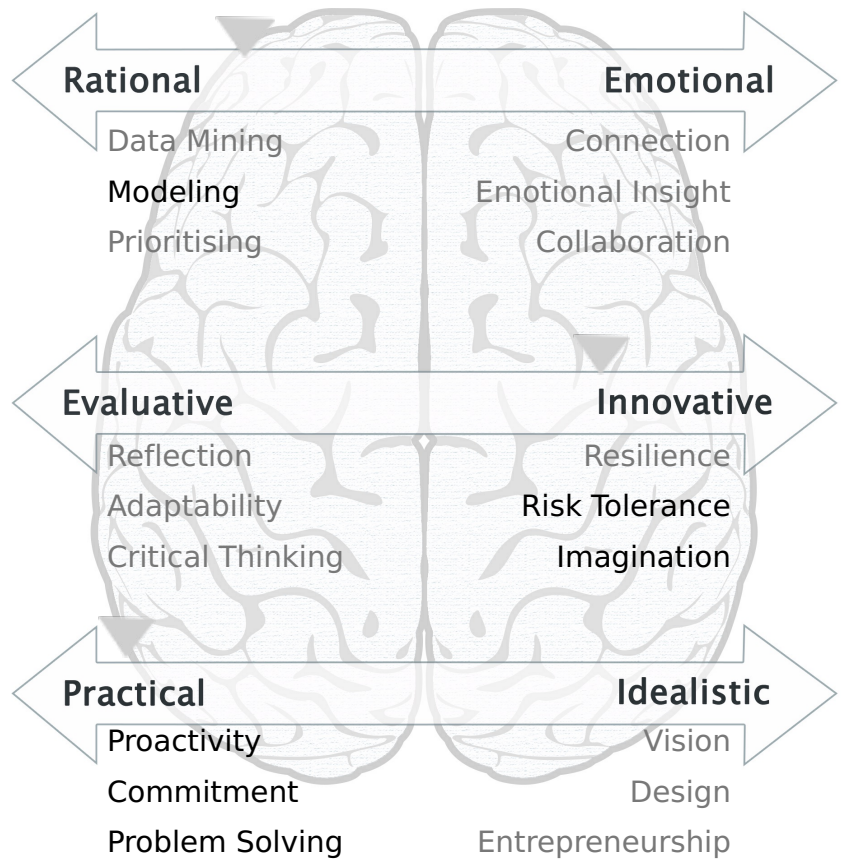

Imagination
With this App, brains are able to look beyond what's visible, blending thinking and feeling to see potential.

Risk Tolerance
A brain running this app can juggle complexities and maintain an even balance.

The 18 "Brain Apps" – your top 6 are highlighted:

Rational	Emotional
Data Mining	Connection
Modeling	Emotional Insight
Prioritising	Collaboration

Evaluative	Innovative
Reflection	Resilience
Adaptability	Risk Tolerance
Critical Thinking	Imagination

Practical	Idealistic
Proactivity	Vision
Commitment	Design
